AQIS Reference Number: 2007-1625

Thank you for your enquiry regarding the importation of ferrets into Australia.

AQIS Live Animal Imports facilitates the import of animals and reproductive material into Australia. AQIS does this by applying import conditions that are determined by Biosecurity Australia.

Biosecurity Australia has not developed import conditions for ferrets and as such they are not permitted into Australia.

[Biosecurity Australia](#) can be contacted on:

Ph: 61 (02) 6272 4465

Fax: 61 (02) 6272 3399

Email: animalbiosecurity@daff.gov.au

You can also register as a [stakeholder](#) to receive advice on the development of import conditions of interest to you.

I hope this is of assistance to you. If you have any questions, please do not hesitate to contact us. **Please quote the AQIS reference number** as listed at the top of this letter in any future correspondence to assist us in responding to your enquiries more efficiently.

kind regards,

Ben Southall
